Headteacher's message

Dear Parents and Carers,

The first week back has flown by and we have only six weeks left of the academic year. There is still plenty to squeeze in, but as a team, we have started to look forward to next year and consider our plans.

There are lots of discussions going on as to what our classes will look like, and as we did last year, we will be sending out letters at the end of the month, before transition, so that you can share the news with your child as to who their new teacher will be.

But before all of that, we are continuing with our key stage one assessments in Year 2, our multiplication check in Year 4 and our phonics screening in Year 1. The end of the school year is where we look back at the achievements and progress of all our children and it is wonderful to see how far they have come.

Before the end of the year, we will be sending out another parent survey for you to complete which will help us form the basis of our improvement plans for next year. It is vital that we get your input and opinions as to how we are getting on, so this survey is going to be slightly longer than the last one.

Mrs Fisher and I are working on 'Our Home-School Partnership Agreement' for the next academic year and we will be asking for parent volunteers to meet with us to gather your thoughts on how we can continue to work together next year in a more collaborative way. We will also be working with the children on this and the school council representatives will play a role in the gathering the thoughts of their classmates.

Have a happy weekend everyone and Eid Mubarak to our families celebrating today or over the weekend.

Mrs Atherton

Important dates for your diary

Date	Event
2.6.2025 – 13.6.2025	Phonics screening check for year 1 and year 2 resit
4.6.2025 – 19.6.2025	Key stage 1 SATS – year 2

Food Bank Collection

As part of celebrating Empathy Day in our school, each year group will hold a food bank collection to help support the local community during the W/C 9th June.

Any donations throughout the week will be hugely appreciated, and can be given to your child's class teacher.

As part of our 'Move More in May' challenge to support our mental and physical health, members of Wrekin View staff will be taking part in the Telford Park Run/walk in June and we would love to see you there to join in with us all!

When: Saturday 7th June

Where: Telford Town Park

Time: 9am start

Our mission is to provide a warm, welcoming, and safe learning environment that fosters the development of every pupil.
Our vision is to cultivate an environment where every pupil becomes a happy, successful, and curious communicator.

ATTENDANCE UPDATE

Good Afternoon,

At Wrekin View, we know that regular attendance is key to every child's success—but we also understand that sometimes absences are unavoidable. That's why we want to take a moment to thank all our families for their excellent communication with the school office when children are unwell or unable to attend.

Your timely phone calls, emails, and messages help us keep accurate records and ensure that every child is safe and accounted for. Following our school's absence reporting guidance not only supports safeguarding but also helps us provide the right support when your child returns to school.

We've seen a noticeable improvement in how quickly and clearly absences are being reported, and we truly appreciate your efforts. It makes a big difference in helping us work together as a community to support every child's learning journey.

We have several ways to communicate an absence through the main phone number 01952 951405 or WhatsApp 07773130519 by 8:30am. If you are unsure about sending your child to school please don't hesitate to contact the office—we're always happy to help.

Thank you for being such fantastic partners in your child's education!

Miss Stephenson

2024—2025 term dates

Summer 1	28/04/2025	23/05/2025
Half Term	26/05/2025	30/05/2025
Summer 2	02/06/2025	18/07/2025

Holidays

Please ensure you use the table above when booking your holidays.

Celebrating Success

The teachers choose a pupil who they feel has done something special in the week for this award. This could be academic or for behaviour and conduct linked to our values of happy, successful, curious communicators.

Class	Name	Reason
WG	Leo	For trying hard in our listening groups.
N	Wyatt	For his fantastic effort and progress during his TalkBoost sessions.
RJ	Howie	For showing empathy to all of his friends.
RS	Eva	For superb effort at reading and writing this week.
1C	Haseeb	For being a helpful, kind hardworking member of the class.
1GP	Freya	For being a wonderful role model and a great friend to all.
2JS	Amanu	For always being kind and trying her best.
2CL	Margaux	For her emotive and detailed letter written in history.
LC	Sebastian	For trying hard with his KS1 SATs tests.
3P	Erin	For persevering with telling time in maths.
3A	Maryam	For her hard work and resilience when working in maths
4KH	Vsevolod	For using really interesting adjectives in his writing this week.
4S	Albert	For showing a positive attitude to learning times table facts.
5J	Judith	For always having a positive attitude to school life.
5W	Giovanni	For always striving to do his best across all subjects.
6C	Uzziel	For being an excellent role model and going above and beyond.
6H	Oliver	For being proactive and learning his script for the Y6 play.

Readers of the week

Our readers of the week have been working hard on their reading in school and at home.

We love our learning

Our newest group of Pioneer Cadets have been working hard on developing their teamwork skills.

On Monday, after an accident on North Road, we were surprised to see the local air ambulance landing on our field to offer their support. After they had dealt with the incident, they had a few minutes and the children (and staff!) that were on site all went over to get a closer look. We might even have set some of our children off on a new career path!

This week in nursery, the children have been investigating floating and sinking. They explored a range of objects, made predictions, and tested to see whether the items would float or sink in water. They've really enjoyed discovering what happens and talking about why things float or sink.
