## Headteacher's message

Dear Parents and Carers,

As we reach the end of another busy and successful half term, we would like to wish all our families a happy and restful break. It's been a wonderful few weeks filled with learning and achievement.

We are thrilled to share some exciting news – our school has been awarded the Platinum School Games Mark for 2025/26! This prestigious recognition reflects our ongoing commitment to PE, sport, and physical activity, and we couldn't be prouder. A huge thank you to our fantastic team for making this possible, with special thanks to Mrs Price and Mrs Cleevely for their dedication and leadership in this area.

Today has been a truly special day at school as we celebrated World Cultural Day. Children came in dressed in clothes that reflect their culture, and enjoyed sharing traditions, languages, and stories. It was a beautiful opportunity to learn more about each other and to strengthen the sense of belonging within our school community.

We also took part in a whole school **'Move More in May'** event this afternoon, where children completed fitness circuits around the school site—getting active, raising heart rates, and enjoying the sunshine together. One of our children was able to achieve an incredible 18 laps! Well done Henley.

Have a safe and happy half term!  
**Mrs Atherton**

As part of our 'Move More in May' challenge to support our mental and physical health, members of Wrekin View staff will be taking part in the Telford Park Run/walk in June and we would love to see you there to join in with us all!

**When: Saturday 7<sup>th</sup> June**  
**Where: Telford Town Park**  
**Time: 9am start**

## ATTENDANCE UPDATE

Good Afternoon,

We track many aspects of attendance to see both positive and negative trends. One such trend that has emerged this half term is an increase in number who are late to school. While we understand that mornings can be hectic, punctuality plays a vital role in your child's education and overall school experience.

When children arrive late, they miss out on essential learning time, disrupt the flow of the classroom, and often start their day feeling rushed or unsettled. Even being just 10 minutes late each day can add up to over 30 hours of lost learning across the school year!

We kindly ask for your support in ensuring your child arrives at school on time, ready to learn and engage with their peers. The school gates open at **8:45AM**, and the registers close promptly at **8:55 AM**. Arriving within this window helps your child settle in calmly and start the day positively.

Let's work together to build strong routines that support your child's success. If you're facing challenges with morning routines or need support, please don't hesitate to reach out—we're here to help.

Thank you for your continued support in making every school day count!

Miss Stephenson

# We love our learning

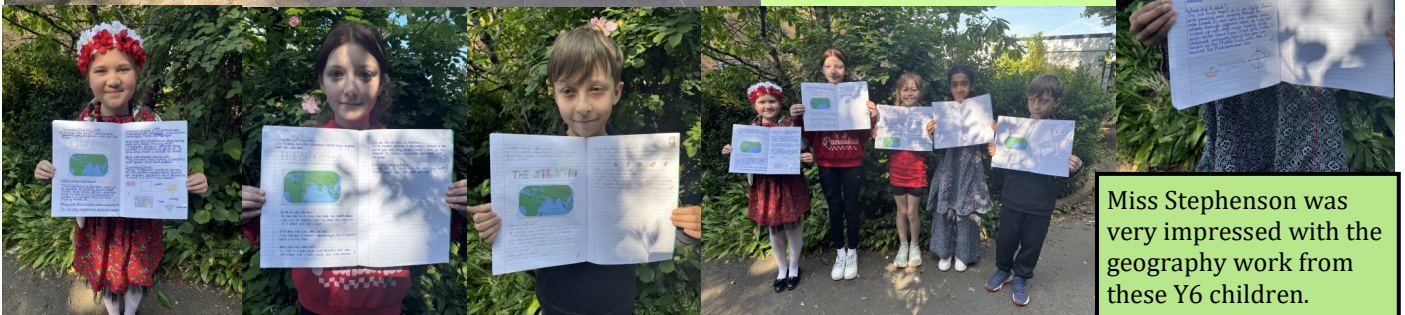

In nursery this week, the children have been busy building their own pumpkin patches using a range of materials. They've also been taking great care of our growing plants, remembering to water them and check how they're changing each day.

In maths this week Year 3 have been looking at angles. As part of this, they started off by looking at different turns. They recapped key vocabulary such as clockwise, anti-clockwise, half turn, full turn, quarter turn, three quarter turn. This also built on their previous week's learning which looked at fractions.

At the beginning of the half term, 10 Year two children attended a 'challenge day' at Arthog Outreach Activity Centre in Wellington. The session focused on personal challenge and team building skills including communication, decision making, teamwork, problem solving and cooperation. The children had a wonderful afternoon and thoroughly enjoyed supporting one another on the climbing wall and working together as a team to complete the team building challenges.

Miss Stephenson was very impressed with the geography work from these Y6 children.
