

Wrekin View Primary School & Nursery

September 2025

Dear Parent/Carers

Year 3 Stone Age Experience

Have you ever experienced life in the Stone Age Era? We can imagine the answer to that is no. On Monday 20th October 2025, Year 3 children will be doing exactly that.

As part of this experience day in school, we will be visited by two Stone Age Professionals who will guide us through the day.

The first session will involve the children doing a carousel of activities learning about the following things: how to make a Stone Age House, how the Stone Age people made their food, creating their own string, creating their own waddle wall and much more.

In the second session, the children will look at Stone Age Artifacts and discuss how people lived. The children will be taken back to the Stone Age through the use of Virtual Reality (VR). They will wear a VR headset and experience what it was like to live in the Stone Age Era.

This is an amazing opportunity for the children, they will have a fun filled, active and engaging day and we know that they will love it!

We are asking for a voluntary donation of £7.00 to be paid on Parentpay which will help to cover the costs of this wonderful interactive experience.

Kind regards

Year 3 Team
