Headteacher's message

Dear families,

This week, Mrs Gowen and I had the pleasure of attending the first LCT Trust Awards. These awards were based on the trust values and children were nominated based on them showing the values both in and out of school. We had two finalists at the awards, both from Year 3, Mia and Gracie-Mae. We also had two of our children perform as part of the LCT choir and perform three songs during the evening, Lovely singing from Aria and Jess as part of the group. The evening was lovely to be part of, and hearing the reasons why the children and young people across the trust were nominated was wonderful. Congratulations to both of our finalists!

Safer drop offs for all

Following a recent near-miss incident on the playground involving a football, we would like to ask all parents and children to ensure that football before school is only played on the MUGA. This helps us ensure that all areas of the playground remain safe for everyone, particularly during the busy morning drop-off period. We appreciate your support in reinforcing this message with your child and helping us keep our school environment safe and enjoyable for all.

Mrs Atherton

A message from the Mayor

Thank you for letting me attend the sports day today. It was good to see how well the children enjoyed the activities and races.

Well done and you should be pleased by the children's behaviour and the success of the sports day.

Mayor Reg Snell, Mayor of Wellington

ATTENDANCE

If your child is unwell and cannot attend school please call or leave a message on our WhatsApp : 07773130159 explaining what the illness is before 8:30am. If you are unsure whether to send your child we can advise or you can use [NHS Is my child too ill for school](#)

If your child is absent for several days, we may want a video call with the child or we may come out to see your child. The law has changed since August 2024 and Penalty Notice Fines may be issued for 10 unauthorised absences across 10 school weeks.

Assemblies

☀️ What a fantastic week of assemblies we have enjoyed! ☀️

It has been wonderful to see how well the children have developed their understanding of the 🇬🇧 British Values throughout the term and how confidently they can discuss and apply them in their daily lives. On Monday, we revisited Mutual Respect 🤝, helping the children to further understand why it is such an important value within our school community. Together, we explored the impact that unkind words can have on others 🗣️ and discussed the importance of kindness ❤️, empathy 😊 and consideration ☀️ in all of our interactions.

Wednesday's assembly was a real highlight 🎵 as we were treated to performances from our talented young musicians. Children showcased their learning on a range of instruments, including 🥁 drums, 🎸 bass and electric guitars, 🎹 keyboards and 🎤 vocals. Their enthusiasm, confidence and progress were truly impressive, and we were incredibly proud of their achievements. ☀️

Our Life Skills Assembly focused on curiosity and questioning 🔍?, one of our core school values. It has been delightful to see children thinking deeply about the world around them 🌍, asking thoughtful questions 💡 and showing a genuine desire to learn and understand more 📖.

Finally, our celebration assembly on Friday 🎉 provided a fitting end to the week. It was a pleasure to recognise those children and groups who were awarded 🌟 Star of the Week and 📖 Reader of the Week. We are incredibly proud of all their achievements and positive contributions to school life. Well done, everyone! 🎉😊☀️

Hints and tips for parents -

At school, children are encouraged to make estimates before finding an answer. Estimating helps children develop number sense, spot mistakes and make sensible judgements.

You can help your child practise estimating through simple everyday activities at home.

EYFS & KS1 - Ideas to try at home:

- Guess how many steps it will take to reach the front door.
- Estimate how many grapes are in a bowl.
- Guess how many toys will fit in a container.
- Estimate how many pages are left in a book.

KS2 - Ideas to try at home:

- Estimate the total cost of shopping before reaching the till.
- Guess how long a journey will take.
- Estimate the height of a tree or building.
- Estimate the answer to a calculation before working it out exactly.

Why is estimating important?

- Children who estimate regularly:
- Develop stronger number sense.
- Gain confidence with numbers.
- Learn to check whether an answer is reasonable.
- Become better problem solvers.

Practical
strategies.
Stronger
connections.
Better
outcomes.

This parent/carers workshop, led by an Educational and Child Psychologist, offers a supportive and practical introduction to understanding childhood anxiety. Parents/carers will explore what anxiety can look like across different ages, why it develops, and how it can impact a child's thoughts, feelings, and behaviour. The session aims to normalise anxiety as a common experience while helping parents/carers recognise when it may be getting in the way of everyday life.

Alongside developing insight, the workshop provides practical, evidence-informed strategies to support children in managing anxious feelings. Parents/carers will learn ways to respond calmly and confidently, build their child's emotional resilience, and gently encourage coping and independence. The focus is on empowering parents/carers with tools they can use in everyday situations to help their child feel understood, supported, and more able to navigate challenges.

ALWAYS FOLLOW THE WATER SAFETY CODE

Whenever you are around water:

STOP AND THINK

Take time to assess your surroundings.

Look for the dangers and always research local signs and advice.

STAY TOGETHER

When around water always go with friends or family.

Swim at a lifeguarded venue.

In an emergency:

CALL 999

If you are at the coast, call 999 and ask for the Coastguard.

Don't enter the water to rescue.

FLOAT

Fall in or become tired - stay calm, float on your back and call for help.

Throw something that floats to somebody that has fallen in.
